## Pharos Systems Announces Integrated Solution for Ricoh MFPs

**Rochester, New York (PRWEB) January 27, 2009** – Pharos Systems International, the leading provider of software for smarter printing, today announced the launch of the Pharos iMFP for Ricoh, a completely integrated solution for Ricoh multifunction printers (MFPs). This solution harnesses the power of Pharos Blueprint® Enterprise and Pharos Uniprint® from the touchscreen control panel of selected Ricoh MFPs, enabling a single device to offer Pharos-powered authentication, print release, and chargeback along with the MFP's native print, copy, scan, fax, and e-mail capabilities.

With the Pharos iMFP for Ricoh, users authenticate themselves by swiping their ID card or typing their username/password on a virtual keyboard. Pharos Secure Release Here™ gives users the freedom to walk up to any iMFP and select the jobs they wish to print using the Pharos print release screen displayed on the touchscreen. The iMFP can also be configured to enable users to select a cost center for their print/copy jobs.

The Pharos iMFP for Ricoh solution has passed Compatibility Testing offered by the Ricoh Developer Program. It is currently available on the following Ricoh Aficio MFPs:

- Aficio MP 2550
- Aficio MP 3350
- Aficio MP 4000
- Aficio MP 5000
- Aficio MP C2000
- Aficio MP C2050
- Aficio MP C2500
- Aficio MP C2550
- Aficio MP C2800
- Aficio MP C3000
- Aficio MP C3300
- Aficio MP C3500
- Aficio MP C4000
- Aficio MP C4500
- Aficio MP C5000
- Aficio MP C6000
- Aficio MP C7500

Pharos Systems is a Platinum member of Ricoh Americas Corporation's Technology Alliance Program, comprised of third party software and hardware companies that specialize in solution offerings that complement Ricoh hardware and software technologies. Pharos Systems is also a Platinum Plus member of the Ricoh Independent Solutions Vendor Program.
